Tracy Forrestand Joins Progression as Communications Manager

HAVERHILL, MA (December 4, 2008)—Progression, Inc., the world’s leading provider of industrial Nuclear Magnetic Resonance (NMR) analyzers and Laser Induced Breakdown Spectroscopy (LIBS) analyzers, has named Tracy Forrestand to the position of Communications Manager. Ms. Forrestand is a graduate of Regis College with a Bachelors of Arts degree in Communications. Ms. Forrestand has 8 years of experience in the communications field.

Vaughn Davis, CEO, noted, “We are pleased to have Ms. Forrestand on board as we broaden our reach into new markets in 2009 and beyond.”

About Progression, Inc.

Progression, Inc. (www.progression-systems.com) has an extensive background in the development and implementation of process NMR and holds a broad intellectual property portfolio in its use and application. In addition, the company provides process LIBS instrumentation, custom sampling systems, two-phase mass flow monitors and electrostatic charge measurement devices for monitoring unique applications within the chemical, energy and mining industries.

International business accounts for more than 60 percent of privately held Progression’s overall revenues. Strong service and distribution in overseas markets including Europe, Asia, and the Middle East continue to provide exceptional expansion and growth opportunities for Progression.
